

Isaiah Guenther

Biological Engineer ♦ izguenther6@gmail.com ♦ Portfolio: <https://github.com/izguenther6>

- Passionate about food systems, hydrology, environmental conservation, and local community organization
- Capable of both hands-on work and software-driven tasks
- Diverse professional experiences in labs, outdoors, and office environments
- *Working Holiday Visa in Ireland from May 2025 – May 2026*

SKILLS & CERTIFICATIONS

- **Hands-On:** Wet lab | Water & waste sampling/testing | Water navigation (boat, paddle vessels, freedive, swim) | Soil testing | Native/invasive plant management | Working with animals | Cold & hot climate operations
- **Analysis:** Bio-process modeling | Heat & mass transfer | Control volume | Machine learning | Statistics
- **Software:** Python | R | MATLAB | Java | COMSOL | Excel
- **Communication:** Posters | Presentations | Website | Reports | Publications
- **Languages:** English (native) | Spanish (proficient)
- **Certifications:** FII Level 1 Freediver (obtained June 2023)

WORK EXPERIENCE

Soil & Water Lab – Cornell University

Research Technician

2022 – 2025

Ithaca, NY-USA / Remote

- Monitored pesticide leaching with NYS Department of Environmental Conservation
 - Sampled surface/groundwater to test for pesticide contamination
 - Developed machine learning models and theoretical index to predict future leaching
 - Co-authored reports, presentations, and journal publications based on findings
- Built lab website – <http://soilandwaterlab.cornell.edu/>

Oxley Equestrian & Polo Center – Cornell University

Stable Assistant

2024

Ithaca, NY-USA

- Maintained stalls for 30+ horses
- Implemented horse dietary/medicinal plans
- Guided horses to necessary stalls/pastures

PRO-DAIRY: Environmental Systems – Cornell University

Student Research Assistant

2024

Ithaca, NY-USA

- Contributed to manure management database with NYS Department of Ag. & Markets
 - Measured methane emissions and collected manure samples at dairy farms
- Co-authored case study on anaerobic digester at 400-cow dairy farm – <https://hdl.handle.net/1813/116079>

Costa Farms – Worldwide Supplier of House/Garden Plants

Grower Department Intern

2023

Miami, FL-USA

- Investigated the efficacy of controlled-release fertilizers in outdoor plants
 - Oversaw experimental operations – setup, monitoring, data collection
 - Found key statistical insights on fertilizer performance
- Collaborated with intern team to identify plant shipping cost cuts up to \$70,000 annually

Wastewater Treatment Plant – City of Hastings

Intern

2022

Hastings, MI-USA

- Ran daily lab tests on influent/effluent water (CBOD, coliforms, T/VSS, etc)
- Assisted team with equipment management and on-call sewer maintenance

EDUCATION

Cornell University

Biological Engineering, B.S – 3.30/4.0 GPA

- Study abroad – Fall 2023, Universidad de Cantabria in Santander, Spain
- Extracurricular – Club Basketball Team; Outing Club

Class of 2024

Ithaca, NY-USA

VOLUNTEER

Pierce Cedar Creek Institute – Nature Education Center

Stewardship Department Volunteer

- Collected native prairie plant seeds for redistribution
- Removed woody invasive plant species in local forests
- Catered banquet event

2019 - Present

Hastings, MI-USA

Workaway

Volunteer Workawayer

- Yard/garden care and home construction in France
- Dive Academy on Inis Mór, Ireland
 - Maintained diving gear and helped guide snorkeling/freediving trips

2025

Various Locations
